

We're Going Cool

We are partnering with Cool Rochester to help lower Rochester's carbon footprint by 1 million pounds by the end of 2012!

Learn how you can be part of the solution. For more information contact:

By participating in an area-wide campaign to conserve energy, we are joining our community to help save money, support America's quest for energy independence, and address the growing concern of climate change.

Supported by

City of Rochester, NY
Robert J. Duffy, Mayor
